This block contains a large rectangular area with a light green background. A dark grey horizontal bar is positioned in the middle of the area, and a thin light green bar is at the bottom. This likely represents a redacted table or a large data entry area.

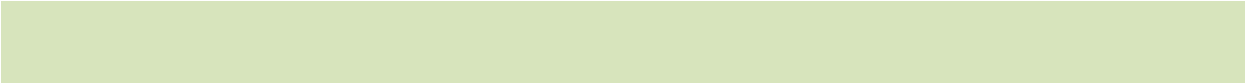

This block contains a solid dark grey rectangular bar, likely representing a redacted row or a summary line in a table.

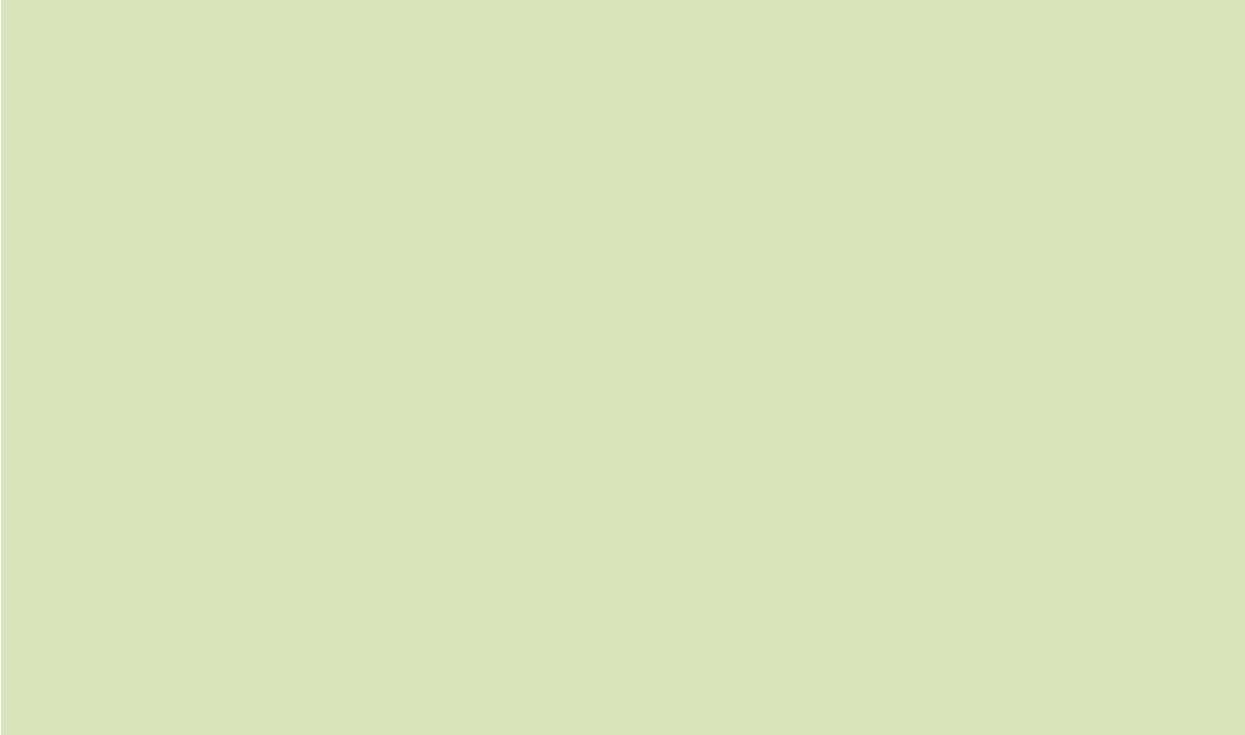

The image shows a large rectangular area divided into two horizontal sections. The top section is a thin, light green bar, and the bottom section is a much larger, dark grey bar. This visual representation suggests a redacted table or a placeholder for data in a spreadsheet application.

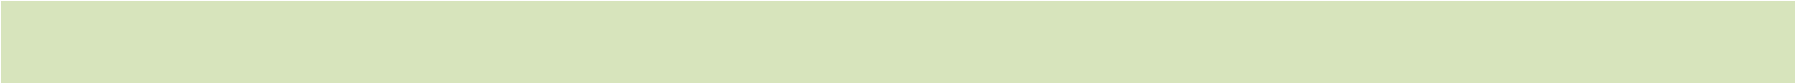

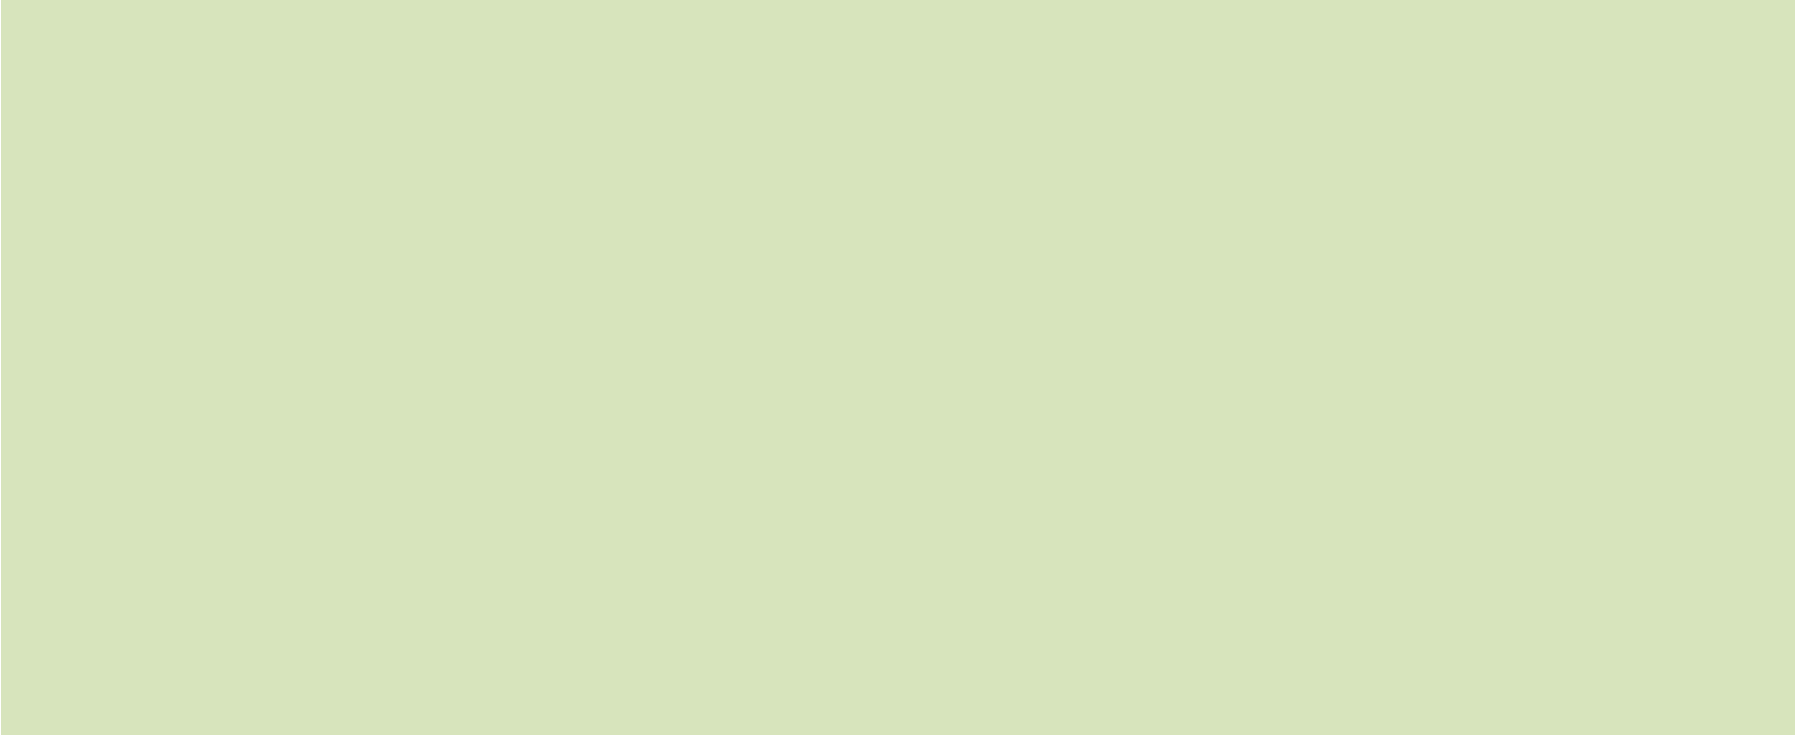

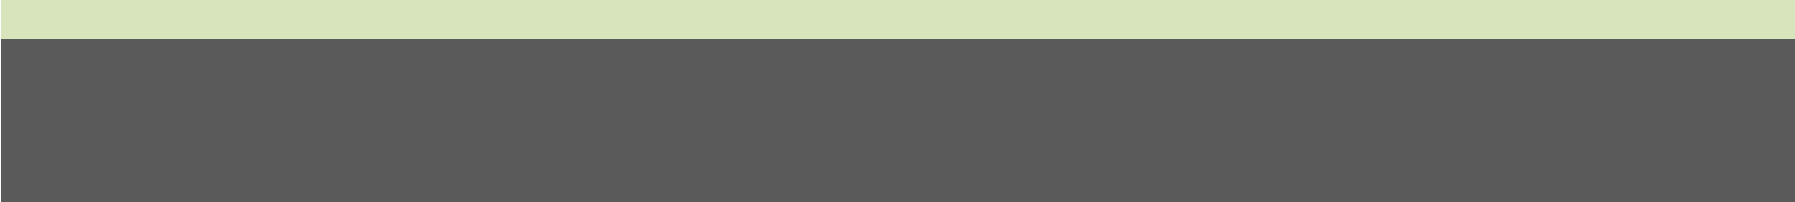

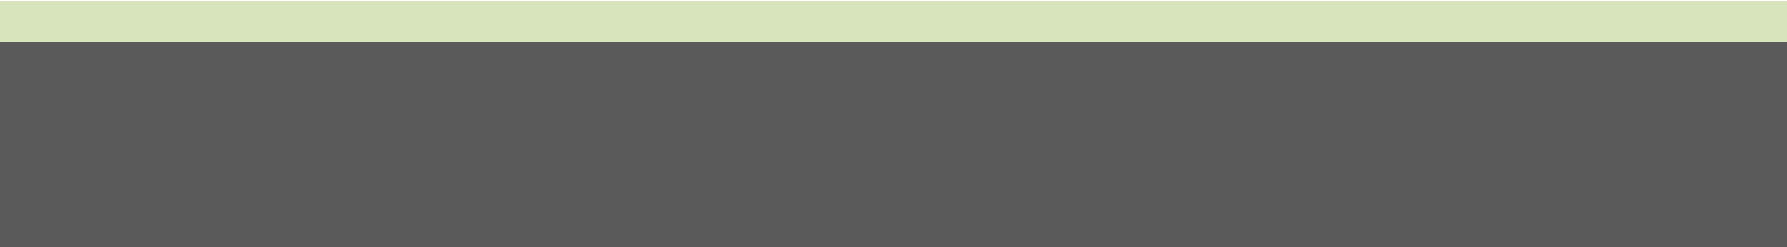

The image shows a table with four rows. The first row is light green, the second row is dark grey, the third row is light green, and the fourth row is dark grey. The table is empty of data.

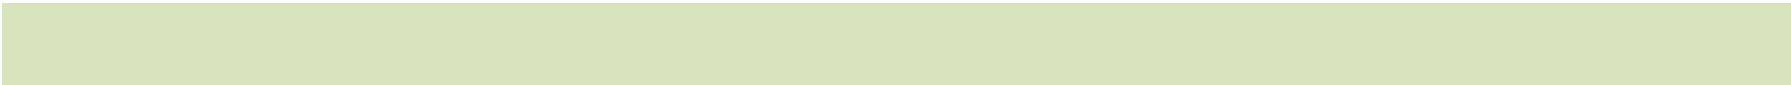

A large rectangular area with a light green background. A dark grey horizontal line runs across the middle of this area, approximately one-third of the way down from the top.A solid dark grey rectangular area located at the bottom of the page.

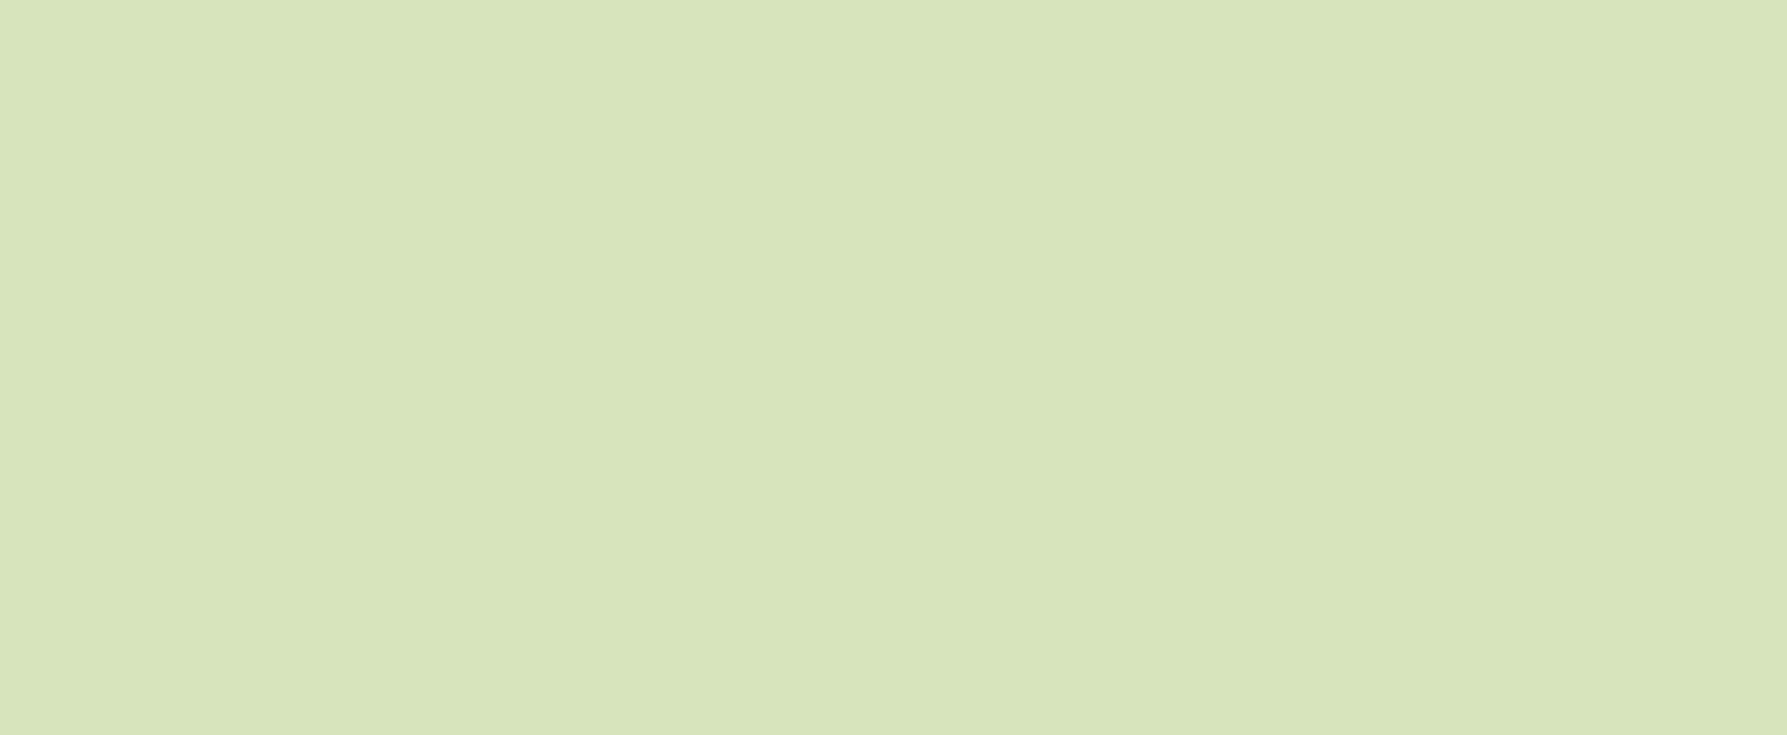

The image shows a large rectangular area that has been redacted. It consists of a light green header bar at the top and a dark grey body below it. This area likely contained a table with multiple columns and rows of data, but the content is obscured.

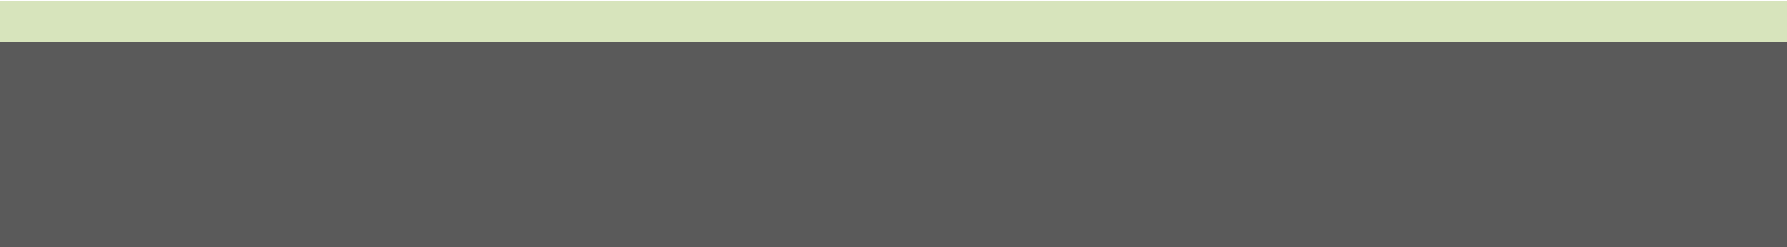

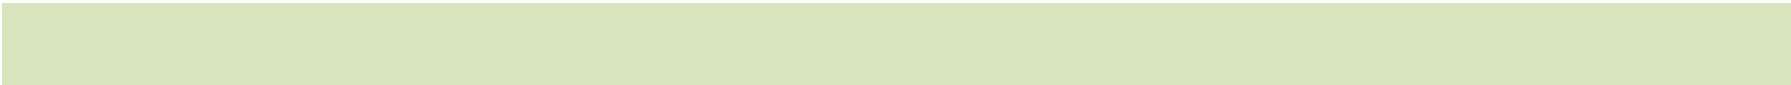

A large rectangular area with a light green background. A dark grey horizontal line runs across the middle of this area, dividing it into two sections. The top section is significantly larger than the bottom section.A solid dark grey rectangular area located at the bottom of the page.

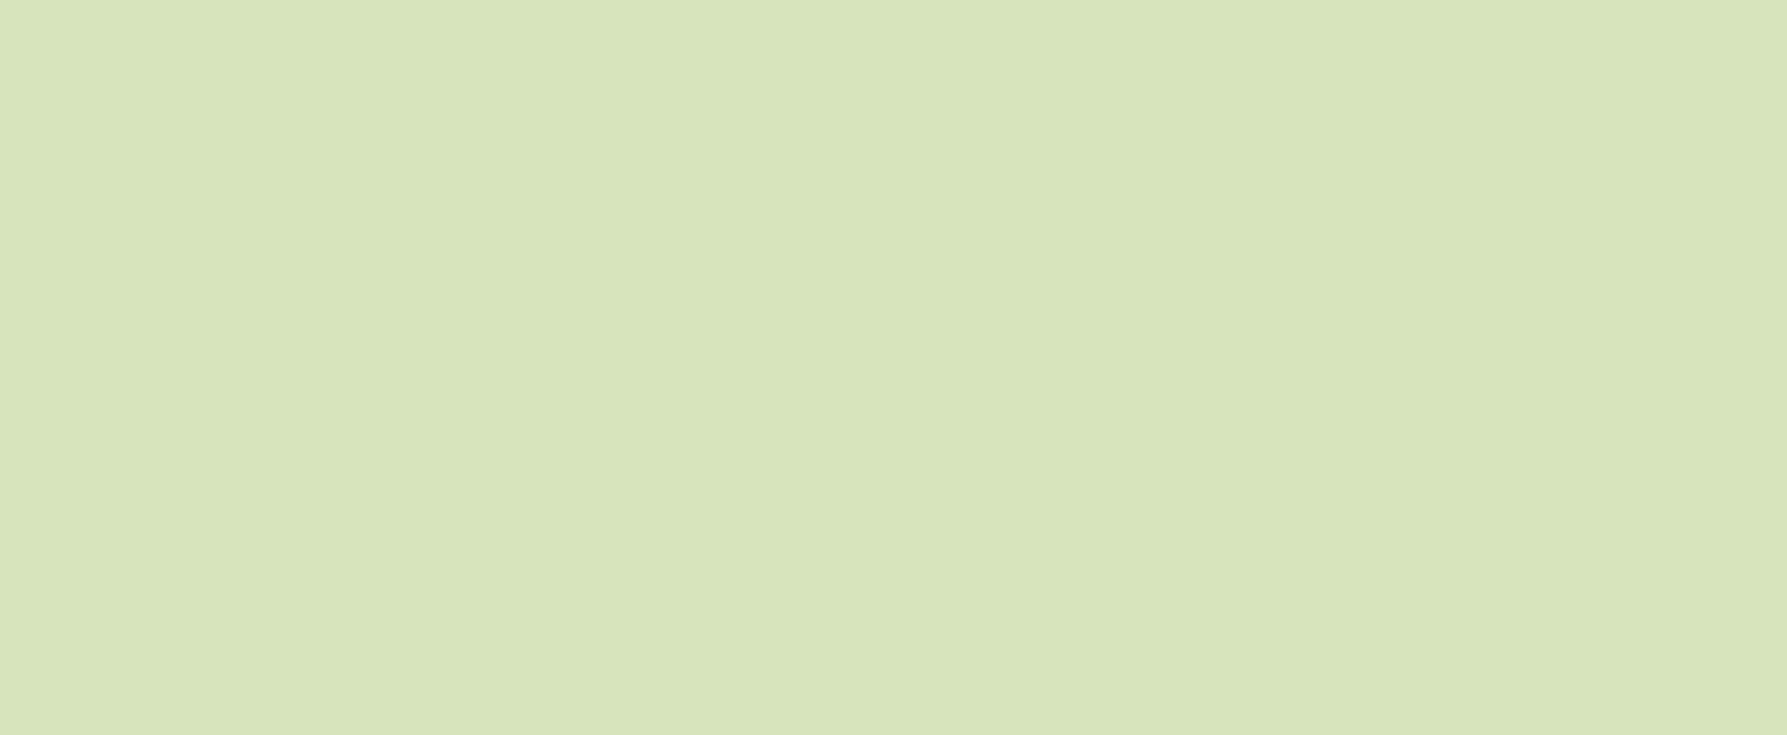

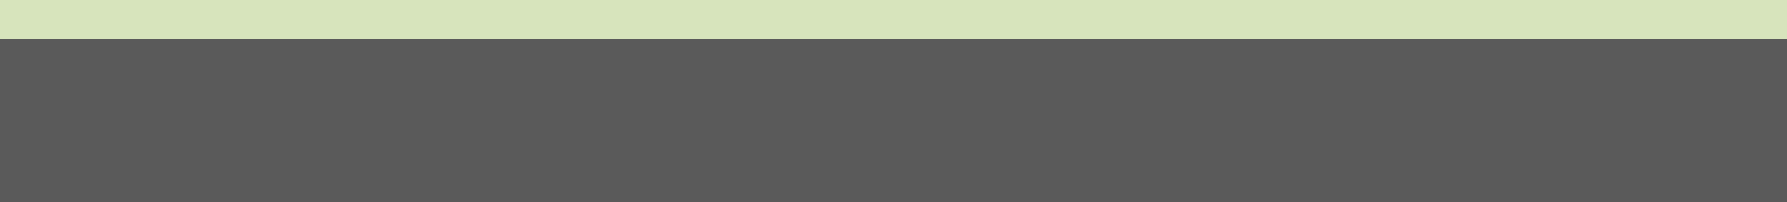

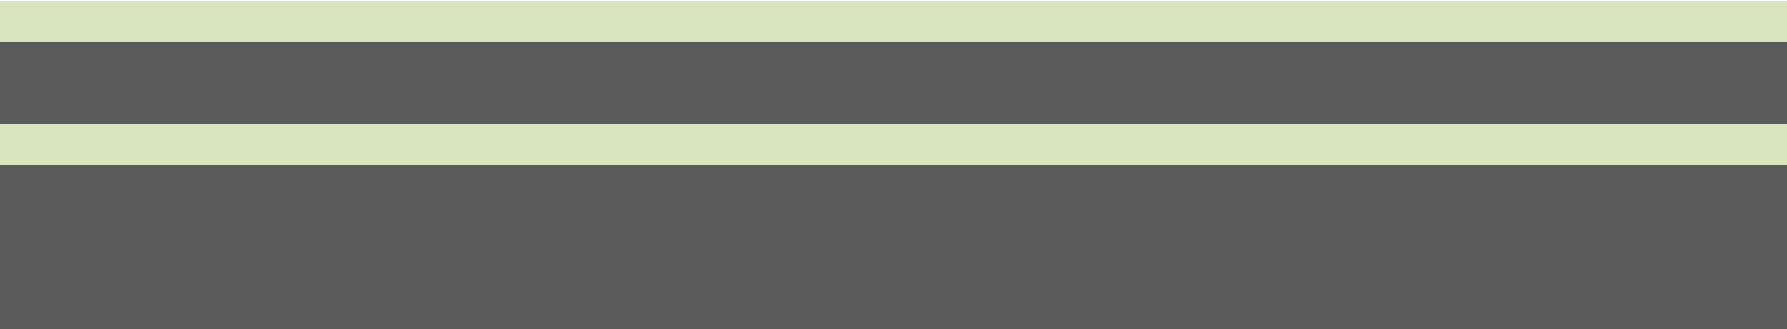

The image shows a large rectangular area that has been redacted. It consists of a light green header bar at the top and a dark grey body below it. This area likely contained a table with multiple columns and rows of data, but the content is obscured.

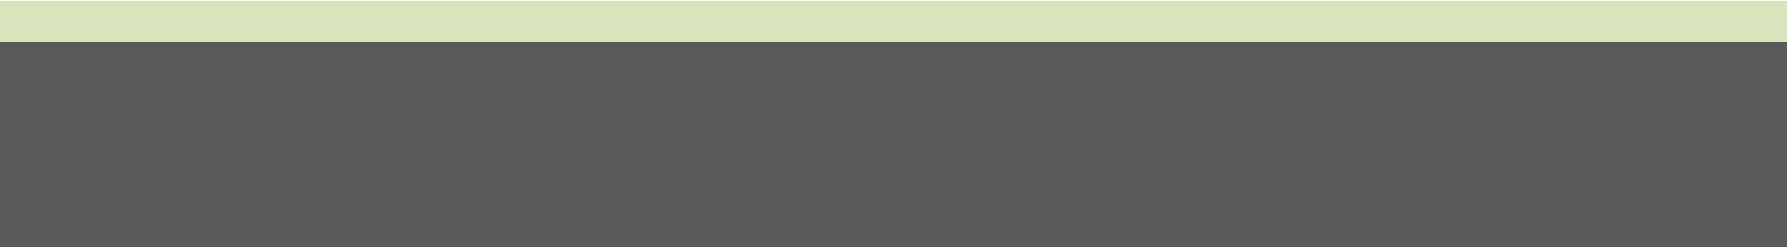

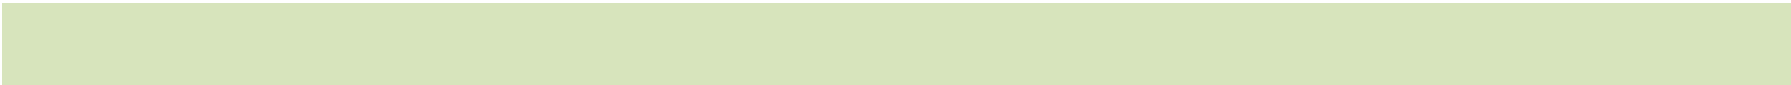

A large rectangular area with a light green background. A dark grey horizontal bar runs across the middle of this area, approximately one-third of the way down from the top.A solid dark grey rectangular area located at the bottom of the page.

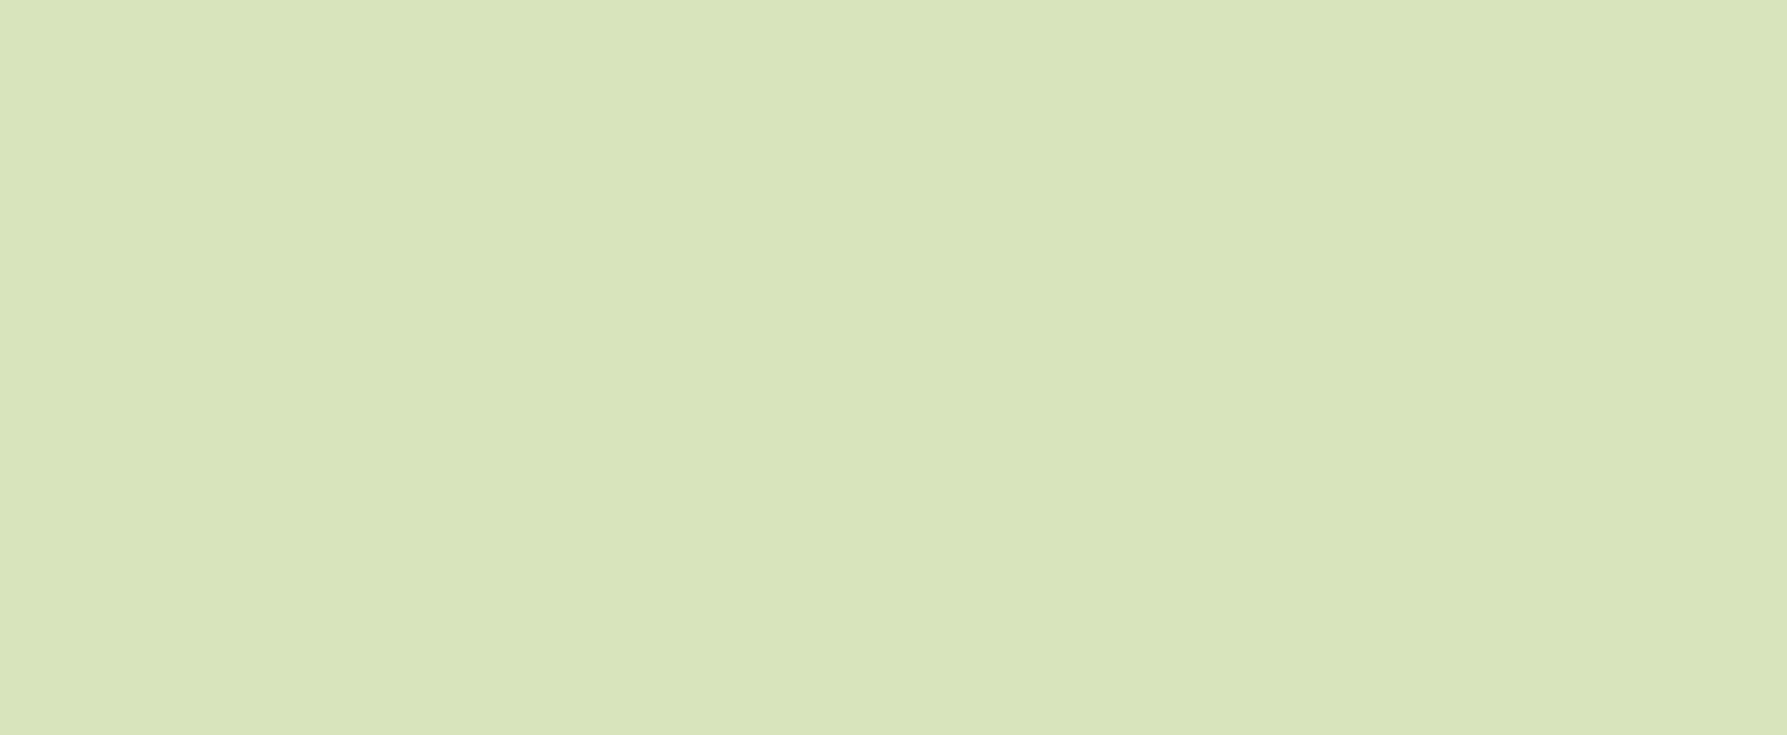

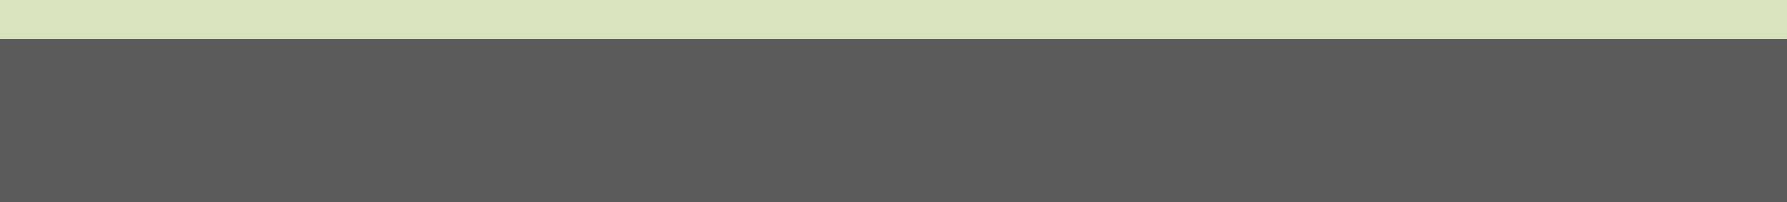

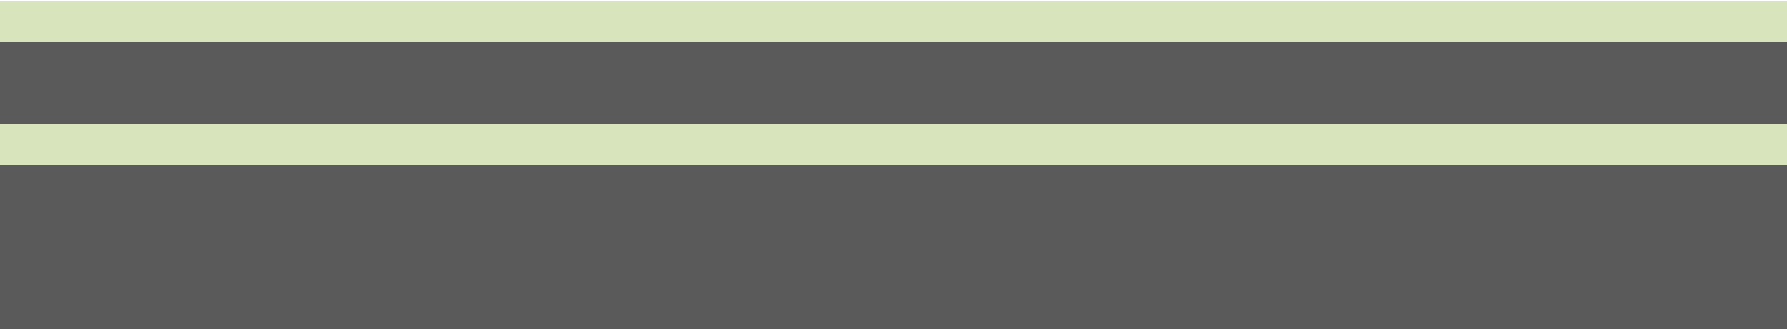

The image shows a large rectangular area that has been redacted. It consists of a thin, light green horizontal bar at the top, which likely represents the header of a table. Below this bar is a large, solid dark grey rectangle that covers the entire body of the table. No data or text is visible within this area.

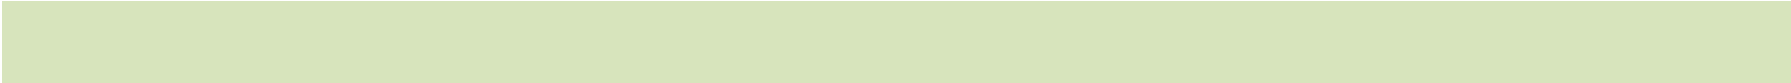

A large rectangular area with a light green background. A dark grey horizontal bar runs across the middle of this area, approximately one-third of the way down from the top.A solid dark grey rectangular area located at the bottom of the page.

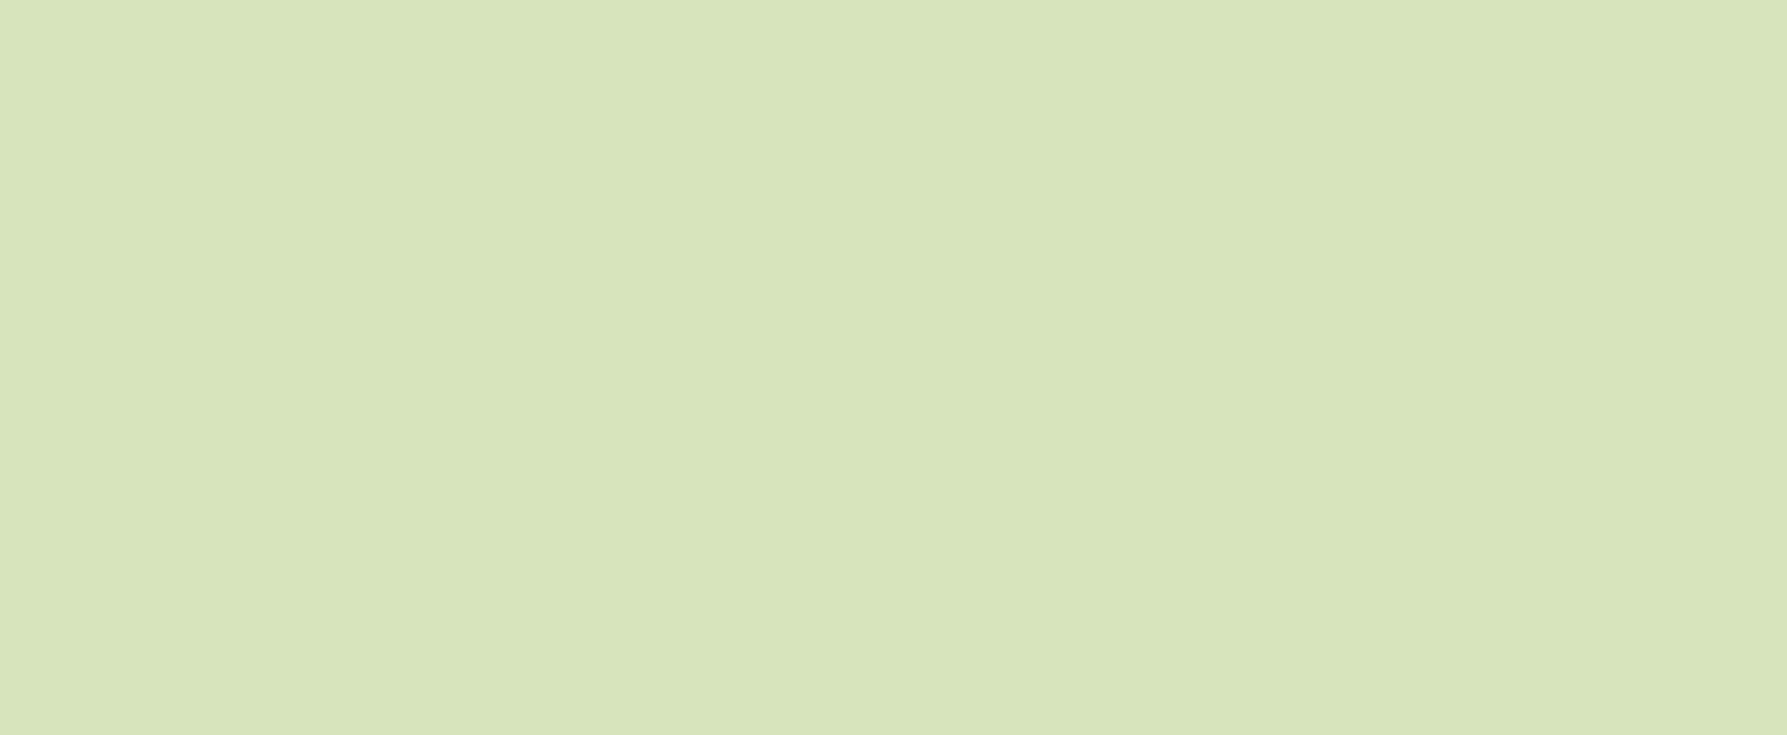

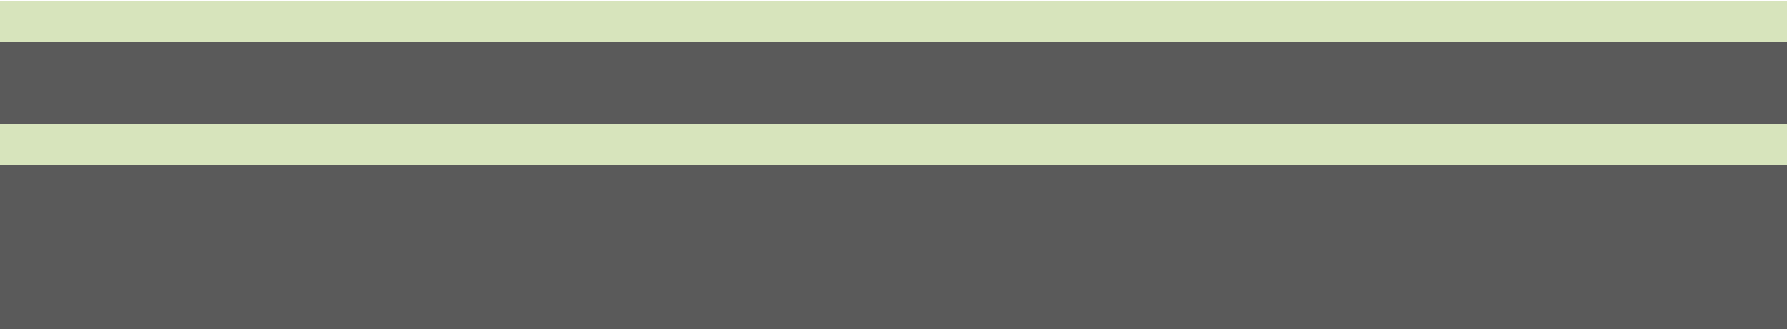

The image shows a large rectangular area that has been redacted. It consists of a light green horizontal bar at the top, which likely represents the header of a table, and a dark grey rectangular area below it, which represents the main body of the table. The content within this area is completely obscured.

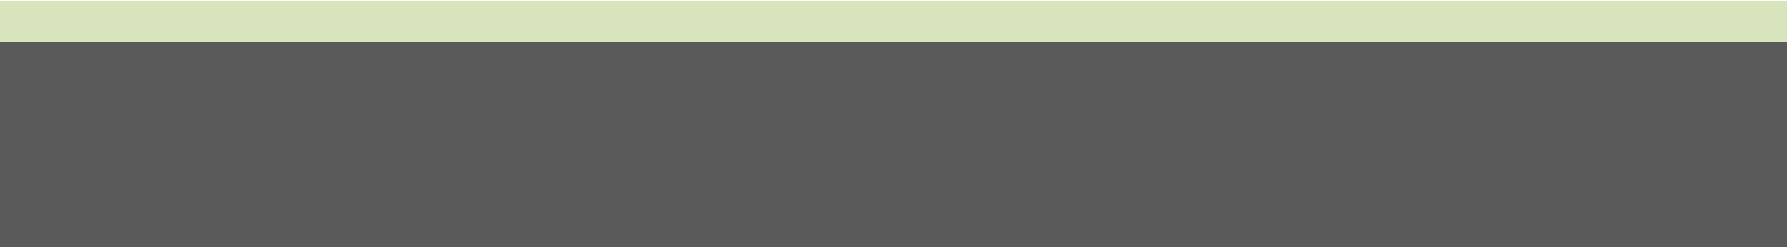

A large rectangular area filled with a light green color. A single, solid dark grey horizontal line runs across the width of the area, positioned approximately in the lower third of the height.A solid dark grey rectangular area spanning the width of the page.

The image shows a large rectangular area that has been redacted. It consists of a light green header bar at the top and a dark grey body below it. This area likely contained a table with multiple columns and rows of data, but the content is obscured.
